PROFESSIONAL SUMMARY

Motivated and detail-oriented MCA graduate with a strong foundation in Python development, software engineering, and web technologies. Skilled in developing full-stack applications using Python Django, with hands-on experience in real-world projects, including e-commerce platforms and resume builders. Eager to contribute to dynamic teams as a Python Developer, leveraging technical expertise, problem-solving skills, and a continuous learning mindset.

INDUSTRY EXPERIENCE

Freelance Web Developer

Remote | June 2022 – Present

- Developed responsive, SEO-optimized websites for small businesses.
- I specialize in Python (Django), JavaScript, and database management.
- Provided technical consultation on software projects.

EDUCATION

🎓 Master of Computer Applications (MCA)

College of Engineering Chengannur, APJ Abdul Kalam Technological University

October 2022 – May 2024

🎓 Bachelor of Computer Applications (BCA)

Najath Arts and Science College, University of Calicut

June 2019 – March 2022

PROJECTS

ATS Resume Builder (Python Django) *(In Development)*

March 2025 – Present

- Developing an ATS-friendly Resume Builder with predefined templates for job roles.
- Auto-fills details from credentials and database; supports social logins (Google, GitHub, Facebook).
- PDF download and admin authentication features have been implemented.

E-Commerce Website (Python Django, PySQL DB)

January 2025 – Present

- Developed a **dynamic e-commerce platform** using **Python Django** as the backend framework.
- Integrated **MySQL DB** for database management, ensuring efficient query performance.
- Designed and implemented **user authentication, product management, and payment gateway integration**.
- Optimized UI/UX for **mobile responsiveness** and a **seamless shopping experience**.
- Enhanced **security measures** to protect customer data and transactions.

Virtual Keyboard Implementation (IEEE Paper)

January 2024 – April 2024

- Developed a virtual keyboard with **multi-language support** (English, Malayalam, Arabic, Dutch, etc.).
- Focused on **enhancing accessibility** for diverse users.
- Contributed to an **IEEE paper** detailing the design and implementation.

GravelGo: Off-Road Adventure Booking Web App

August 2023 – December 2023

- Designed a web app for **booking off-road trails** with user roles (Admin, Customers, Hotels, Travel Guides, Vehicle Providers).
- Integrated **trail booking, accommodation, local guides, and vehicle rentals**.
- Led the development of **UI/UX design and backend functionality**.

CERTIFICATIONS & ACHIEVEMENTS

✓ Udemy – Python Full Stack Development (March 2025)

✓ NPTEL – Cloud Computing (IIT Kharagpur)

✓ HackerRank – Python Problem Solving

✓ NPTEL – Joy of Computing Using Python (IIT Madras)

TECHNICAL SKILLS

- **Programming Languages:** Python, Java, C/C++
- **Databases:** DBMS, MongoDB, MySQL DB
- **Web Development:** Python (Django), JavaScript/React, HTML, CSS
- **Mobile App Development:** Flutter, Android (Java)
- **Other Skills: AI-Powered Content Generation, Microsoft Office (Word, PowerPoint, Excel, Power BI**)

Declaration

I declare that the above information is true and correct to the best of my knowledge and belief.
